### **Vanderbilt University Official Transcript** Statement of Authenticity

This official transcript has been transmitted electronically to the recipient, and is intended solely for use by that recipient. If you are not the intended recipient, please notify the Office of the University Registrar at Vanderbilt University. It is not permissible to replicate this document or forward it to any person or organization other than the identified recipient. Release of this record or disclosure of its contents to any third party without written consent of the record owner is prohibited.

This official transcript has been digitally signed and therefore contains special security characteristics. If this transcript has been issued by Vanderbilt University and for optimal results, we recommend that this document is viewed with the latest version of Adobe® Acrobat or [Adobe® Reader](#); it will reveal a digital certificate that has been applied to the transcript. This digital certificate will appear in a pop-up screen or status bar on the transcript, display a blue ribbon, and declare that the document was certified by Vanderbilt University with a valid certificate issued by GeoTrust CA for Adobe®. This transcript certification can be validated by clicking on the Signature Properties of the transcript.

The blue ribbon symbol is your assurance that the digital certificate is valid, the transcript is authentic, and the contents of the transcript have not been altered.

If the transcript does not display a valid certification and signature message, reject this transcript immediately. An invalid digital certificate display means either the digital certificate is not authentic, or the transcript has been altered. The digital certificate can also be revoked by the Office of the University Registrar if there is cause, and digital certificates can expire. A transcript with an invalid digital certificate display should be rejected.

Lastly, one other possible message, Author Unknown, can have two possible meanings. The certificate is a self-signed certificate or has been issued by an unknown or untrusted certificate authority, or the revocation check could not be completed. If you receive this message make sure you are properly connected to the internet. If you have an internet connection and still cannot validate the digital certificate, reject this transcript.

The transcript key and guide to transcript evaluation is the last page of this document.

The current version of Adobe® Reader is free of charge, and available for immediate download at <http://www.adobe.com>.

If you require further information regarding the authenticity of this transcript, email or call the Office of the University Registrar at Vanderbilt University at [transcripts@vanderbilt.edu](mailto:transcripts@vanderbilt.edu) or (615) 322-1800.
